Inspired by his American travels, the former »Aidspfarer« Heiko Sobel brought the idea for this teddy bear from San Francisco to Germany. Since 1992, he has been our sweetest messenger, advertising acceptance and solidarity. After all, HIV is a self-evident part of diversity.

Under the motto »Bärenstark für die Aidshilfe« this solidarity teddy bear asks for donations for our diverse prevention work. For many people, it has become a popular collector's item.

This teddy bear is made exclusively from environmentally friendly materials, handmade, but without child labor. It is CE-certified, with the OEKO-label visible and washable at 30 °C. Stronger together!
